

Madelyn Mackie

Introduction

The road to career success and happiness starts with having BIG dreams. Today's speaker dreamed of scientific discoveries, working on Broadway, and saving the world.

All of those BIG dreams have come true.

Madelyn Mackie is a published biochemistry researcher, has worked at 4 Tony Award winning theatres and responded to disasters all over the country as an Officer with the American Red Cross.

Ladies and gentleman, here to help us activate our own career dreams, please join me in welcoming Madelyn Mackie.
